

I am going to
Spoilt for Choice

With An Adult

Before we go:

My adult will tell me whether I will get to choose something to buy for myself or not.

My adult may write a list of things we need before we go.

On The Day

I am going to Spoilt for Choice to get some shopping.

Spoilt for Choice is a gift shop. They sell cards, gifts, balloons, chocolates, toys and many other things.

I can use a basket to carry the shopping. These are on the floor across from the door.

We will look for our shopping. If I am allowed to get something for myself, I will pick an item that I would like. If I don't get to choose something, I can help by putting things from the list in the basket.

When we have all of our items, we will take them to the cashier to buy them.

We may have to wait in a queue. This is ok, I can stay calm while I wait.

The cashier will scan the items. My adult will then pay for the items.

The cashier will put the items into a bag.

Once we have paid, I will walk nicely out of Spoilt for Choice with my adult.
